

CL20 LOW PROFILE CONDENSATE PUMP

115V/230V, 20 Foot Max Lift

Beckett's compact CL20 has a low profile design that can be used in applications where space is limited. The shut-off height for the CL20 is 20 ft. This model features a high impact ABS tank and a flame retardant plastic cover. Inlets are provided on each end of the tank cover. This unit is capable of handling acidic condensation from condensing furnaces and tankless water heaters.

INCLUDES:

- Pump is rated 115V/230V, 60 Hz, 100 Watts
- 20 ft. max lift
- Low Profile Design
- Pump is rated for water temperatures up to 150° F
