

Features

- Wall-mounted design, two-point extension for effortless adjustability
- 5x magnification to help with those up-close details
- Adjustable positioning of mirror: up/down tilt of 35°+
- Frameless, for a minimalistic look
- Durable chrome finish
- Energy efficient LED lighting
 - 5/8” width frosted light bar surrounds the mirror
 - Color switching between 3000K and 5000K for either a warm or cool environment
 - Light direction and output eliminate dark shadows, providing bright, even task lighting and rich, saturated tones to your reflection
 - Remarkably accurate color rendering, so you can see your truest reflection
 - Controlled via a back-lit touch switch

Lighting Specs

Kelvin:	3000K – 5000K
CRI:	≥90
Input Power – LED:	3W – 5W
Lux (Approx) [†] :	≥30
LED Life Expectancy:	≥30,000 hours

[†]Measured at 18” from center of mirror

Codes and Standards

Certified to

- UL962
- CSA C22.2 No. 0:20

Electrical System

- 120 V AC 60 Hz hard wired

Custom Solutions

If project design requires a product outside of our offering, semi-custom solutions are available. Contact us at custom@robern.com for more information.

Care and Maintenance

Use only a damp cloth to clean. Ammonia or vinegar-based cleaners can damage mirrors. A 50/50 solution of water and isopropyl alcohol is recommended for cleaning the mirrors. When cleaning, spray the cloth, not the mirror or surround surfaces. Do not use abrasive cleansers on any part of the magnification mirror.

Services

- Backed by Kohler
- Uncompromising Quality
- 2-week Lead Time
- 1-Year Limited Warranty
