M SERIES MEDICINE CABINETS

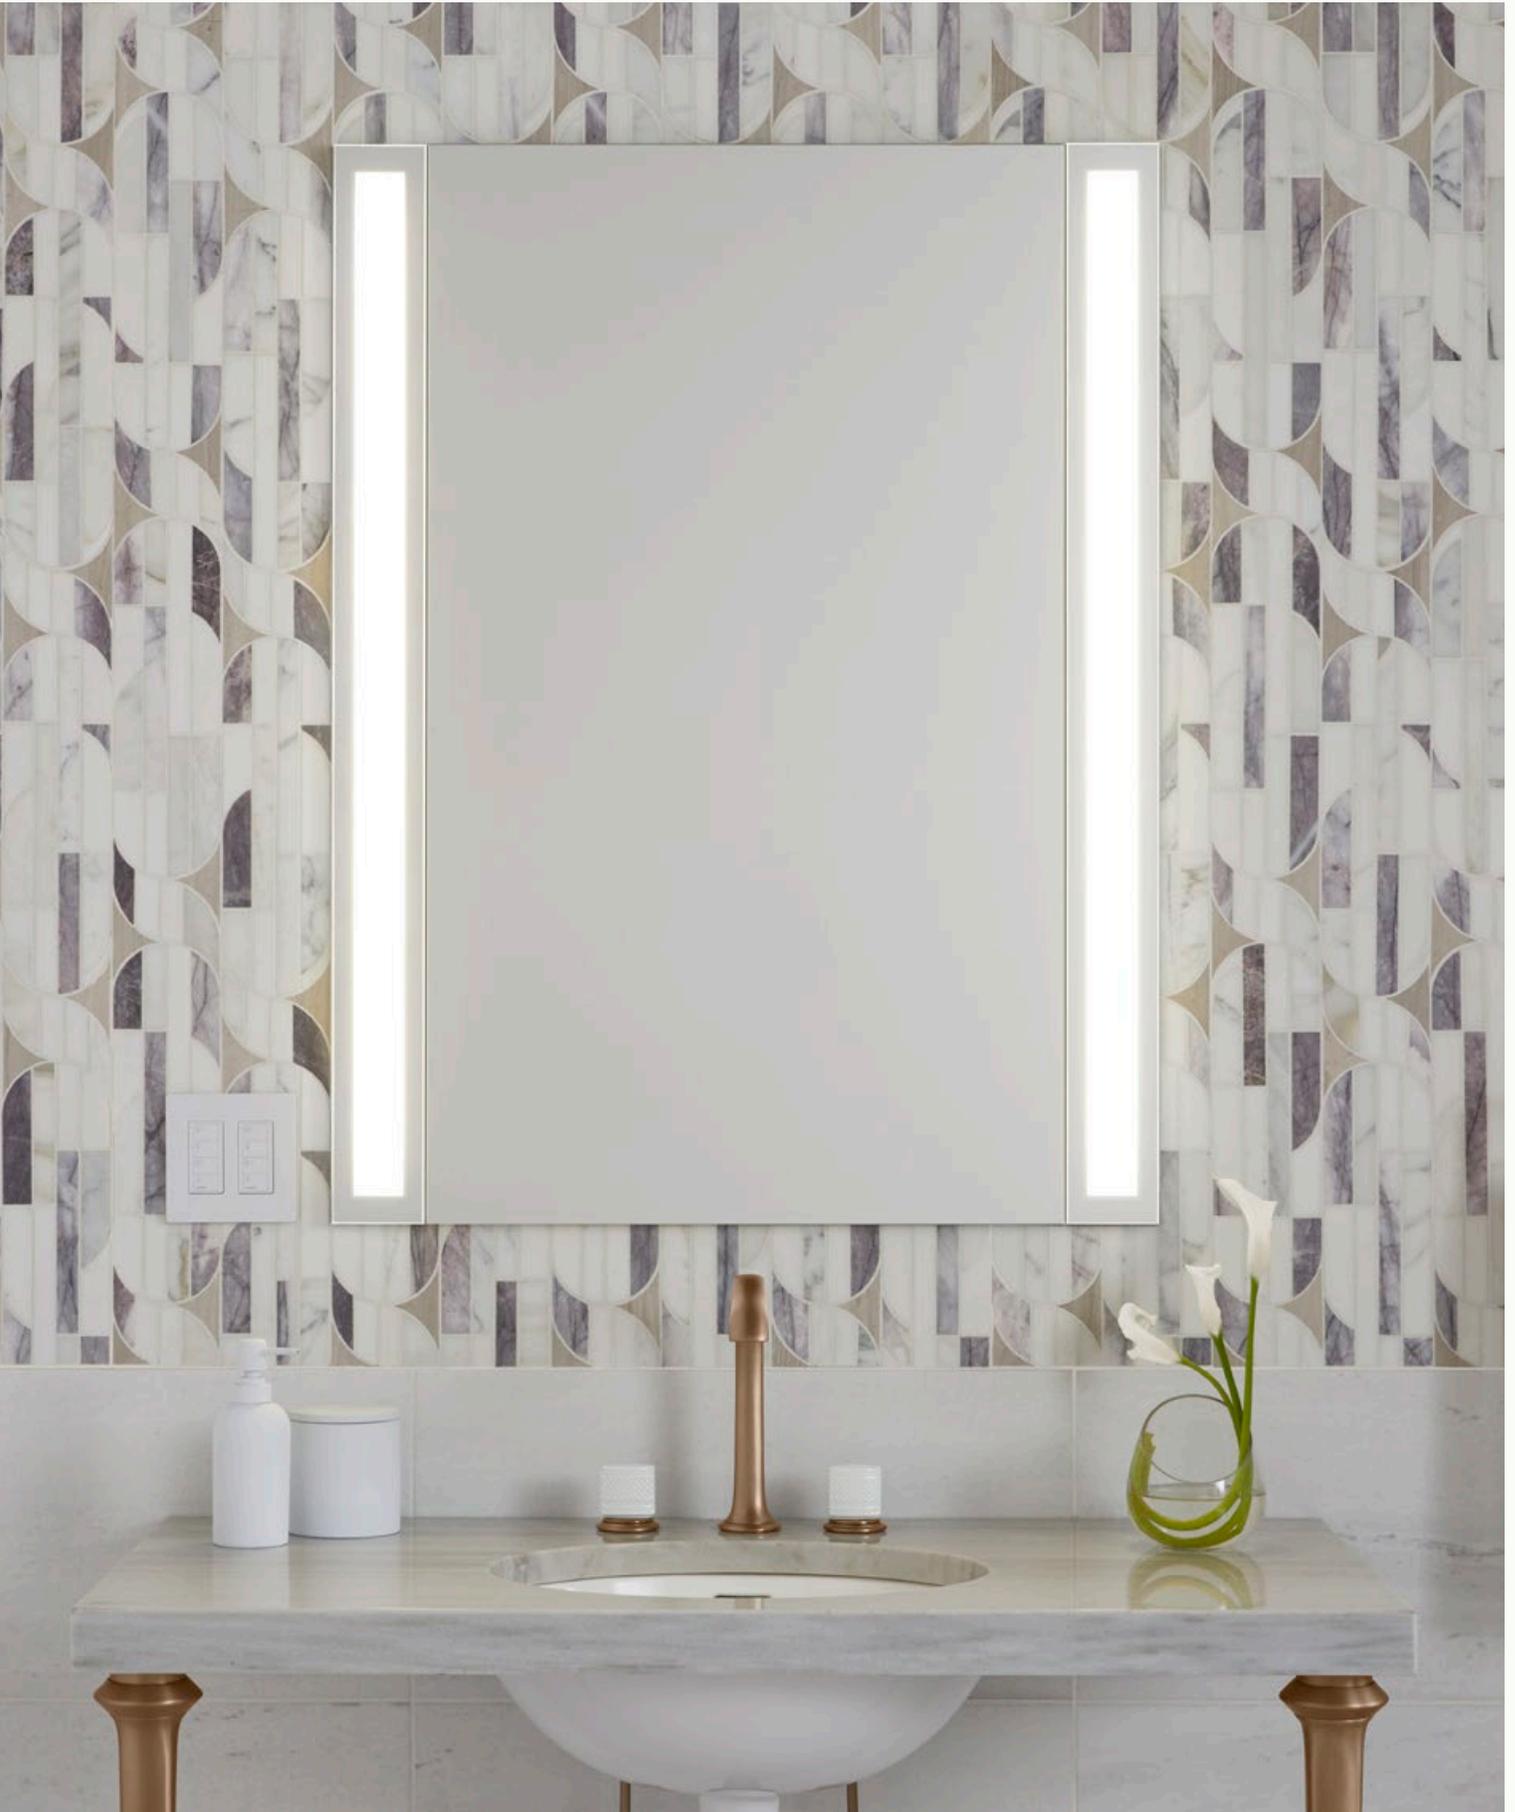

M SERIES MEDICINE CABINETS

Add sophisticated style and luxurious functionality to your space with the most versatile cabinet on the market. Modular design and innovative features transform the minimalist M Series Cabinet into a personalized storage solution that supports your styling needs and enhances the everyday experience.

THE INSPIRATION BEHIND M SERIES

Create a modular solution as personal as the space it's in. The M Series Collection merges sleek design, spacious storage, thoughtful organization, and state-of-the-art technology. Maximize storage in a small space, or create a seamless and stunning array that feels tailor-made for your styling needs.

Designed to Fit Your Life

THE M SERIES CABINET

Behind the sleek minimalist design of the M Series Collection, you'll find brilliant innovation that simplifies the styling experience. Personalize the M Series Cabinet with functional features and aesthetic upgrades to reflect your design style.

All M Series models feature:

A

Anodized Aluminum Construction

Durable, rust-free anodized aluminum resists moisture for long-lasting functionality.

B

Quiet Close Safeseal™ Gasket

Robern's Safeseal gasket gently closes and protects the interior from dust and moisture.

C

3-Mirror Design

The mirrored interior allows easy access to essentials without losing sight of your styling routine.

D

Magnetic Storage

A magnetic storage strip keeps metal grooming tools neatly arranged and within easy reach.

E

Organization Trays

Conveniently organize small items such as eyeglasses, contact lens cases, and cosmetics.

F

Adjustable Glass Shelving

Spacious, easy-to-clean glass shelving can be easily adjusted to accommodate your must-have items.

Available a la carte upgrades:

Depth

The M Series Cabinet is available in 4", 6", and 8" depths to maximize the space available.

G

Interior Lighting, Electrical Outlets & USB Charging Port

Power your styling routine with the transformative features of USB charging port, built-in electrical outlets and interior illumination.

Night Light and Defogger

Add a programmable night light and defogger with timer for unparalleled convenience and ease of use, see page 10.

Polished or Bevel Edge

Select from polished or bevel edge options for a mirror that perfectly reflects your aesthetic, see page 22.

Flat or Arch Top

M Series Cabinets are available in two distinct door styles to complement your design — the sleek Flat Top or the statement-making Arch Top, see page 22.

Mirrored or Decorative Front

Tailor the Full Length Cabinet (70" H) to your needs with decorative glass options, including 9 gloss and matte finishes, see page 22.

Innovative Features to Redefine Your Routine

**TECH
SAFETY
STORAGE
ERGONOMICS**

See minimalist design in a new light.

State-of-the-art features and smart organizational accessories are designed to blend seamlessly into the M Series Cabinet for a clean and modern aesthetic, while enhanced functionality makes the morning routine feel effortless.

Tech

Rethink the possibilities for style and storage with the most feature-rich cabinet on the market. Add industry-leading upgrades to power your daily routine as you prepare for the day ahead.

UPGRADE FEATURE

INTERIOR LIGHTING, ELECTRICAL OUTLETS & USB CHARGING PORT

Interior LED lighting makes it easy to find your essentials at any time of day or night, while the integrated electrical outlets and USB charging port help you stay connected without cluttering your countertop.

UPGRADE FEATURE

DEFOGGER WITH TIMER

Defogging technology is easily activated with the push of a button. The 45-minute timer ensures a clear reflection when you need it — and conserves energy when you don't.

ADD-ON ACCESSORY

LIGHTED MAGNIFICATION MIRRORS

Bring fine-tuned tasks like tweezing and skin care into perfect focus with LED task lighting paired with 5x magnification. A capacitive touch control allows the user to easily turn the light on and off, but also select the light color temperature best suited for the task at hand. Remarkably accurate color rendering, with a CRI value of 90+, ensures the truest reflection. See page 26 for options.

Safety

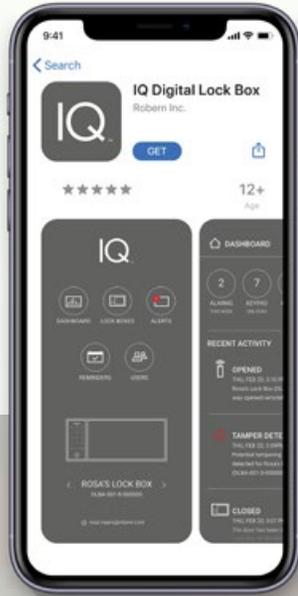

Illuminate your way with night lighting, and add secure storage to your styling space with an interior mounted lock box to keep personal items, valuables, and medication safely hidden away from young hands and prying eyes.

UPGRADE FEATURE

NIGHT LIGHT

Safely navigate your way through the dark with the integrated LED night light. Set your night light to come on at your preferred time each evening to provide gentle wayfinding light for the middle of the night. The night light will automatically turn itself off 12 hours later.

The IQ Digital Lock Box app offers intelligent monitoring, scheduling, and notifications — no matter where you are. Simply install the app on your smartphone or sign into the IQ Web Portal for on-the-go access. Monitor multiple lock boxes, schedule reminders, unlock remotely, and get real-time alerts when the lock box is accessed.

ADD-ON ACCESSORY

IQ™ DIGITAL LOCK BOX

Designed to seamlessly fit your M Series Cabinet, the IQ Digital Lock Box features improved technology to keep your most important items secure. With key code entry, remote access and tamper notifications via smartphone, you'll have total control over your personal items.

Storage

Configure the modular M Series Cabinet to maximize the space available and create a well-crafted storage solution that complements your design. With the spacious interior and inspired organizational features, essentials are stored out of sight, but always within easy reach.

INCLUDED

ORGANIZATION TRAYS

A razor/phone holder and 3 tier tray house small items like eyeglasses, cosmetics, and hair accessories, keeping the items you use most within easy reach.

ADD-ON ACCESSORY

GLASS STORAGE BINS

Keep loose items from spilling out of the cabinet with stylish glass bins that maximize storage space. Available in multiple sizes and configurations, these glass bins are designed to seamlessly fit and complement your Robern cabinet.

Ergonomics

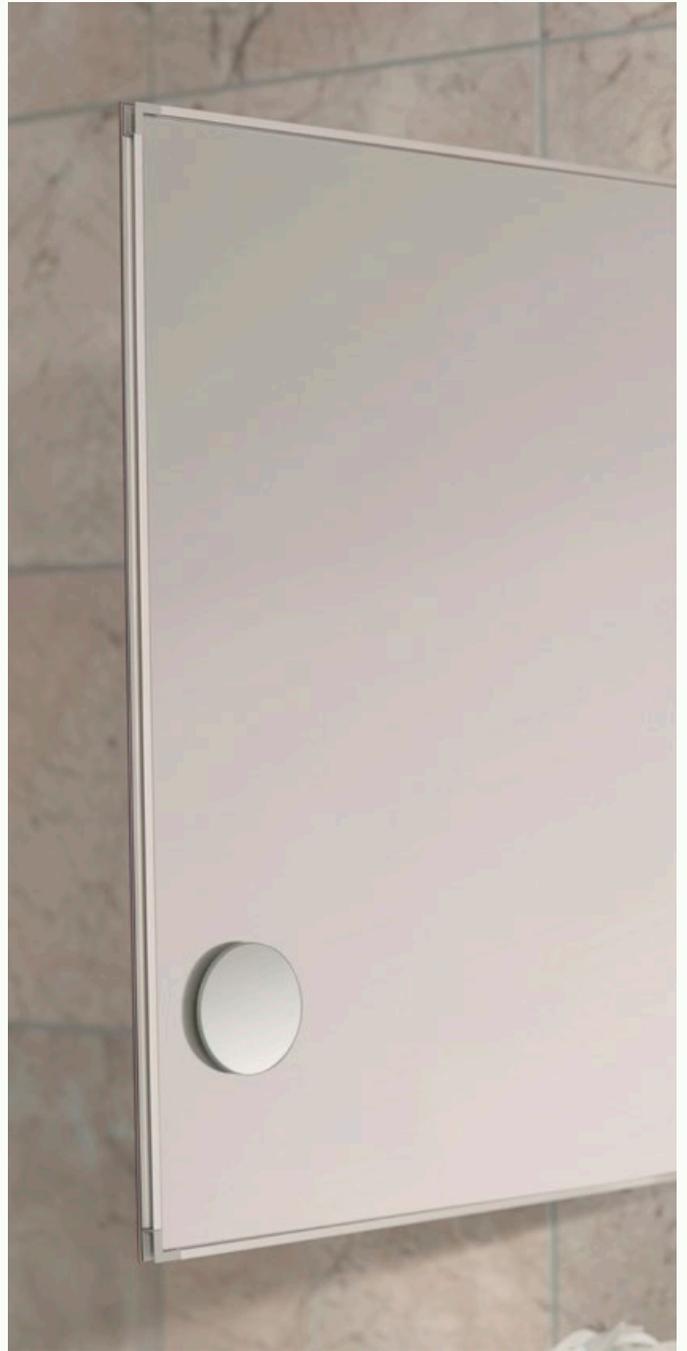

See the difference a magnification mirror can make in your daily routine. When added to the M Series Cabinet, these optional accessories provide better precision for close-up tasks like tweezing or cosmetic application.

ADD-ON ACCESSORY

PULL-OUT MAGNIFICATION MIRROR

When mounted inside the M Series Cabinet, this magnification mirror extends outwards and can be easily adjusted for the perfect angle and positioning — then nests cleanly in the cabinet when not in use.

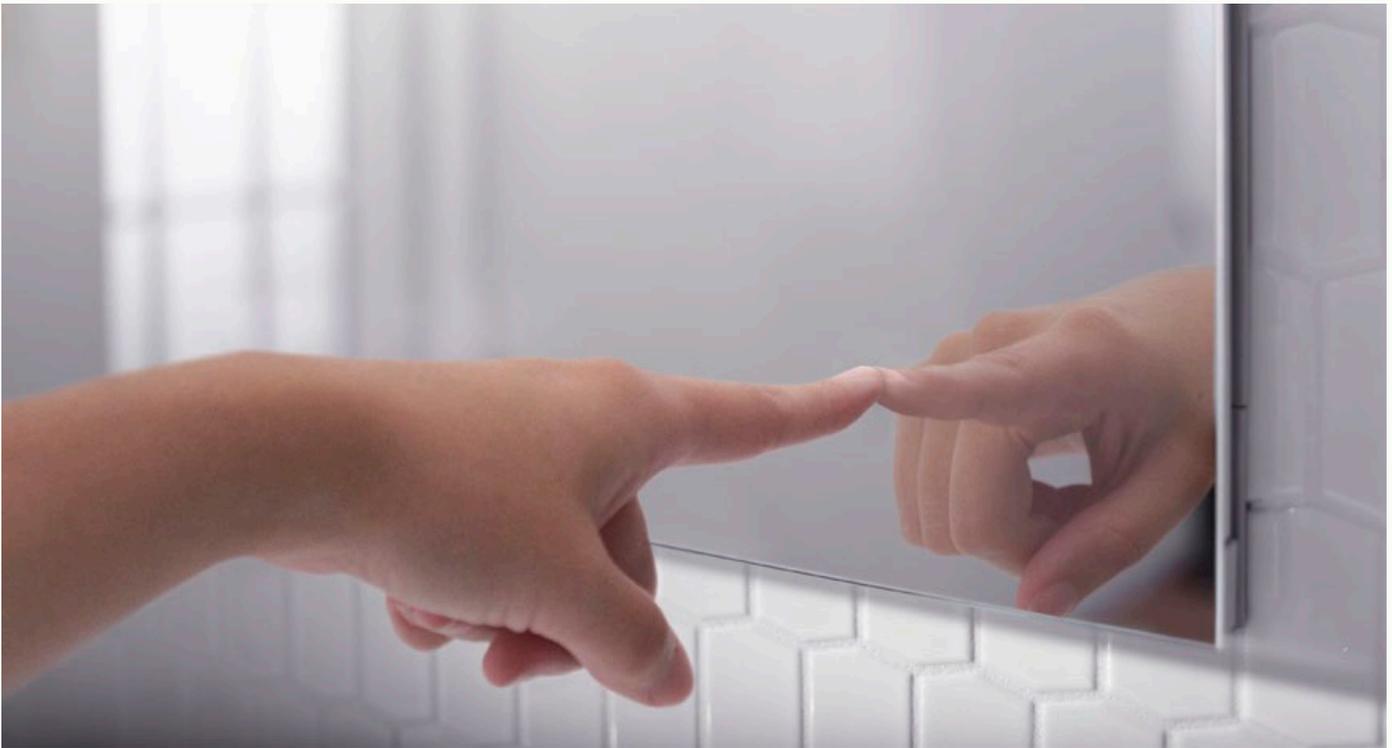

ADD-ON ACCESSORY

COMPACT ADJUSTABLE MAGNIFICATION MIRROR

Compact and perfectly portable, this mirror attaches magnetically to the interior door. Adjust it to any height, or take it on the go with you.

Ergonomics

Intuitive functionality allows you to move efficiently through your space, taking the stress out of the daily routine. The M Series Cabinet features enhanced ergonomics to ensure unparalleled convenience, accessibility, and ease of use.

ADD-ON ACCESSORY

PUSH-TO-OPEN KIT

With a soft press, the optional push-to-open mechanism easily opens your cabinet for access to your essentials.

ADD-ON ACCESSORY

HANDLE KIT

Constructed from solid stainless steel with a polished chrome finish, an optional handle provides an easy-to-reach alternative to the hidden pull on the door edge — ideal for multi-cabinet arrays or full length cabinets.

One Size Doesn't Fit All: Design and Modularity

SIZES

Expand the possibilities for your styling space. Robern M Series is available in a variety of sizing options, including a narrow 12-inch wide and a 70-inch high full length cabinet.

| Widths: | Heights: | Depth: |
|----------------|-----------------|---------------|
| • 12" | • 30" | • 4" |
| • 16" | • 40" | • 6" |
| • 20" | • 70" | • 8" |
| • 24" | | |

MOUNTING OPTIONS

M Series Cabinets can be recessed, semi-recessed, or surface-mounted, providing flexible installation options to accommodate different wall depths.

GANGING OPTIONS

Modular design offers even greater versatility in your styling space. Combine multiple cabinets, lighting, and mirrors to maximize your storage capabilities without sacrificing style.
